MEMORANDUM FOR: Deputy Assistant Director, Central Reference

SUBJECT : Index to NSCID's and LCID's

REFERENCE : Your memo, Same Subject, 20 January 1956

1. The index is a highly useful publication which is being started early enough so that, as new directives are issued, they may be incorporated with a minimum of effort.

2. With regard to the entries which pertain to the Advisory Committee on Foreign Language Publications, I have the following comments:

a. Under the heading: Publications - Foreign

. . .

Translation service, CIA . . .

Because CIA does not provide a translation service to the community, I suggest you substitute the word "exploitation" for "translation".

b. Delete the section heading "Translations".
